

## Santa under the big top

What an amazing event!

More than 256 kids gathered at the Hajetian gym of Sourp Hagop School to celebrate Christmas with Santa.

The event took place on December 9<sup>th</sup>, the gym was decorated as a circus tent, and Santa visited the circus.

The kids were extremely happy and excited. A juggler, stilt walkers, professional hula hoops and unicycle acts were part of the program. In addition booths were setup with different kind of games to entertain the kids and give a break to the parents.

Everyone enjoyed themselves, Santa's arrival was the most exciting moment of the event, everyone rushed to welcome him and dance with him.

Kids had to bring imperishable food with them to give away to the less fortunate kids in Montreal. It was a nice way to initiate them to the spirit of giving and helping others in need.

Many thanks to the organizing committee, the HMEM scouts and all the volunteers who helped us turn the event into a success.
