

## **Bazaar at CHSLD Cartierville**

On November 21 and 22, 2013, the “daretsner ahtselogh” committee of Volunteers of the Armenian Relief Society of Montreal, Sossé Chapter, held its annual Bazaar at the Centre Hospitalier Cartierville (CHSLD Cartierville), a Long Term Care Nursing Home that lodges persons with an important loss of autonomy, and houses around 50 elderly of Armenian origin.

For over 27 years, the ARS' volunteers have been actively involved in the center organizing bi-weekly visits, armenian lunches and church services....

Different kinds of items, such as clothings, gifts, christmas decorations, toys, armenian pastries were on sale at very low and reasonable prices. The buyers were mostly employees of the Centre and family members of residents.

Lottery tickets were also sold and numerous valuable prizes drawn.

Just like past years' bazaar, the event was a success. The amount raised from the sales will be offered to CHSLD Cartierville for the benefit of the residents, part of it will also be dedicated to the Syrian-Armenian fund.

The organization of the Bazaar necessitated great efforts and long hours of preparation, but all participants contributed whole heartedly, and were extremely satisfied by the results.

The committee of the Volunteers sincerely thanks those who have contributed to the success of this event.
